Our Day Begins

We travel toward that moment when understanding catches up with enthusiasm.

Dedication

Darlene Zimmerman; Mary Wilson; Ruth Klawitter; Minnie Olschefskey; Donald Conrad; Dean George; Carol Schoch; Karen Gates; Barbara Jones; Margaret Artley; Richard Staber; Jean Stank; Jane Widger; Charline Yeager; Patricia McLaughlin; Betty Wittig; Warren Watkins; Eleanor Blackwell; Michael Sullivan; Charles

Feifer; Betty Linn; Ann Angus; Betty Shoup; Ronald Garrison; Beulah Hewitt; Margaret Jessick; Ora Jane Rhodes; Doris Pheasant; Frances Hindmarch; Hope Pensyl; Myrtle Kerr; Elma Ridgeway; Ruth Slonaker; Frances Leisenring; Miriam Hutton; Elizabeth Payne; Susan Bickert; Rae Atherton; Jacqueline Shutt.

We, the 1971 Alpha Staff, along with the entire student body wish to dedicate this 9th Volume of the 1971 ALPHA to the Elementary Teachers.

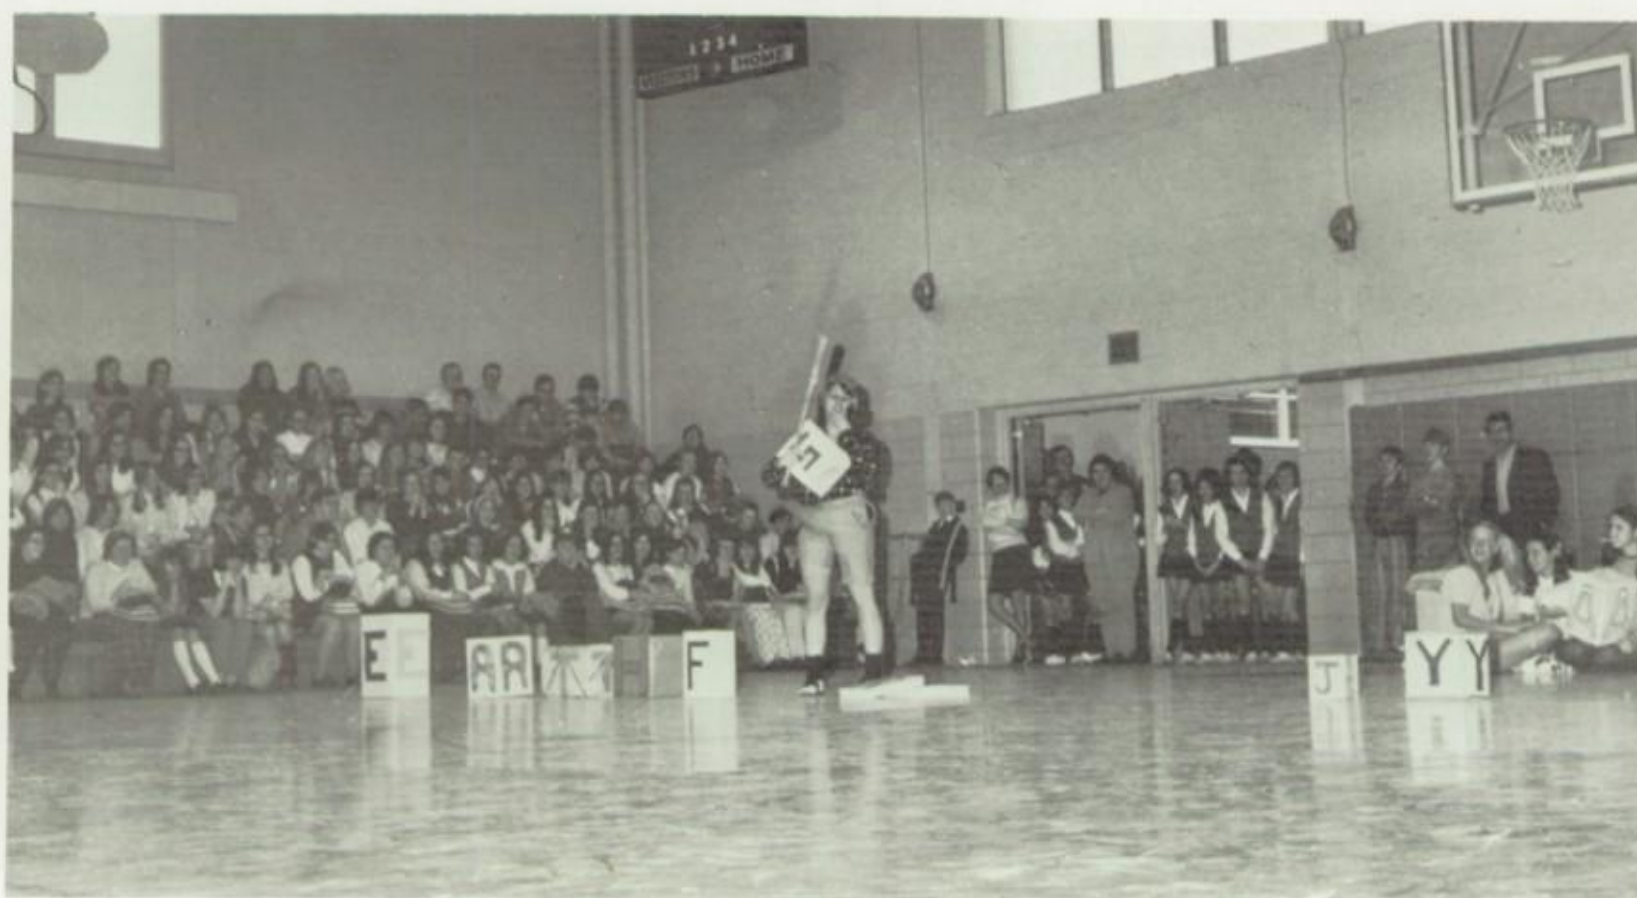

It is through the efforts of these, our first teachers, that we are able to experience this "Day in our Life."

School ... a place for new friends and new responsibilities - a place for new opportunities and knowledge. Learning is a never ending process; it knows no time, age, or special structure.

Learning ... a part of life, and life, a part of learning.

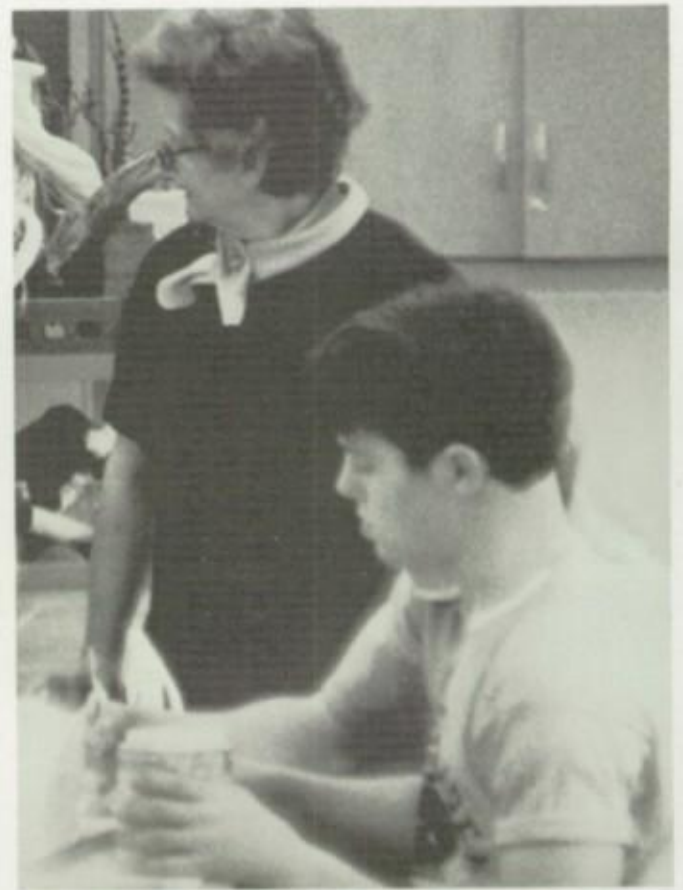

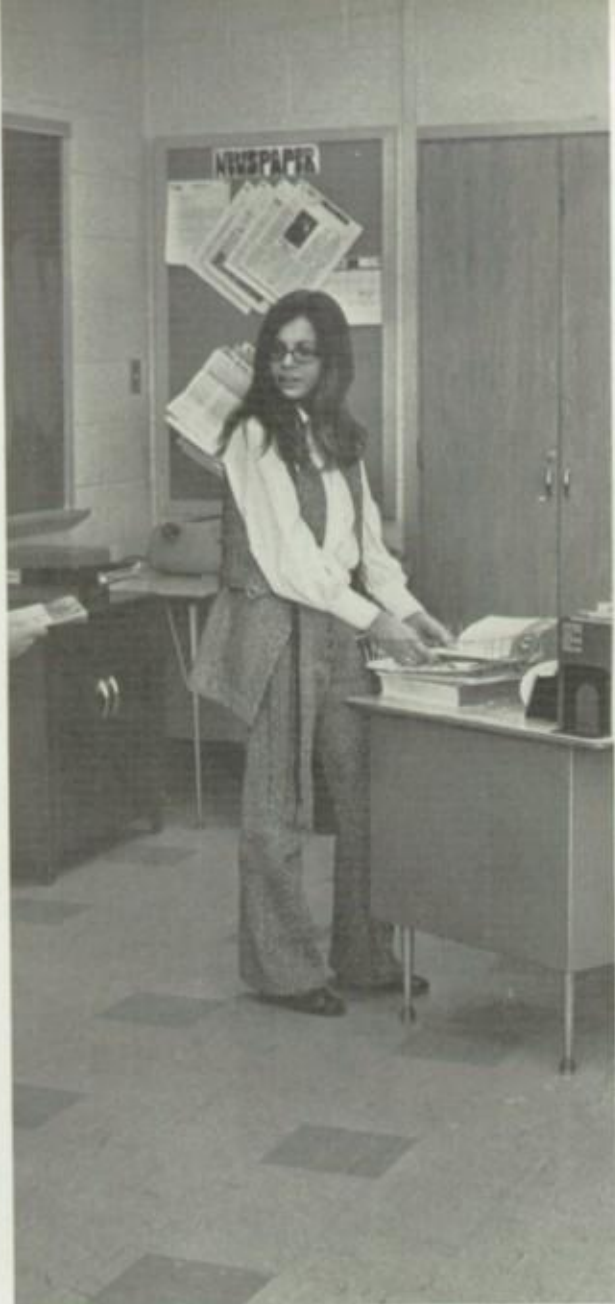

As our school routine comes to an end we enter a new scheme, relaxed and sometimes frustrated we journey home.

Breaking our daily ties without school we search for recreation to take our minds from academic worries and approach once more, the coming of another day in our life.

The senior class presents Oh Calcutta?!

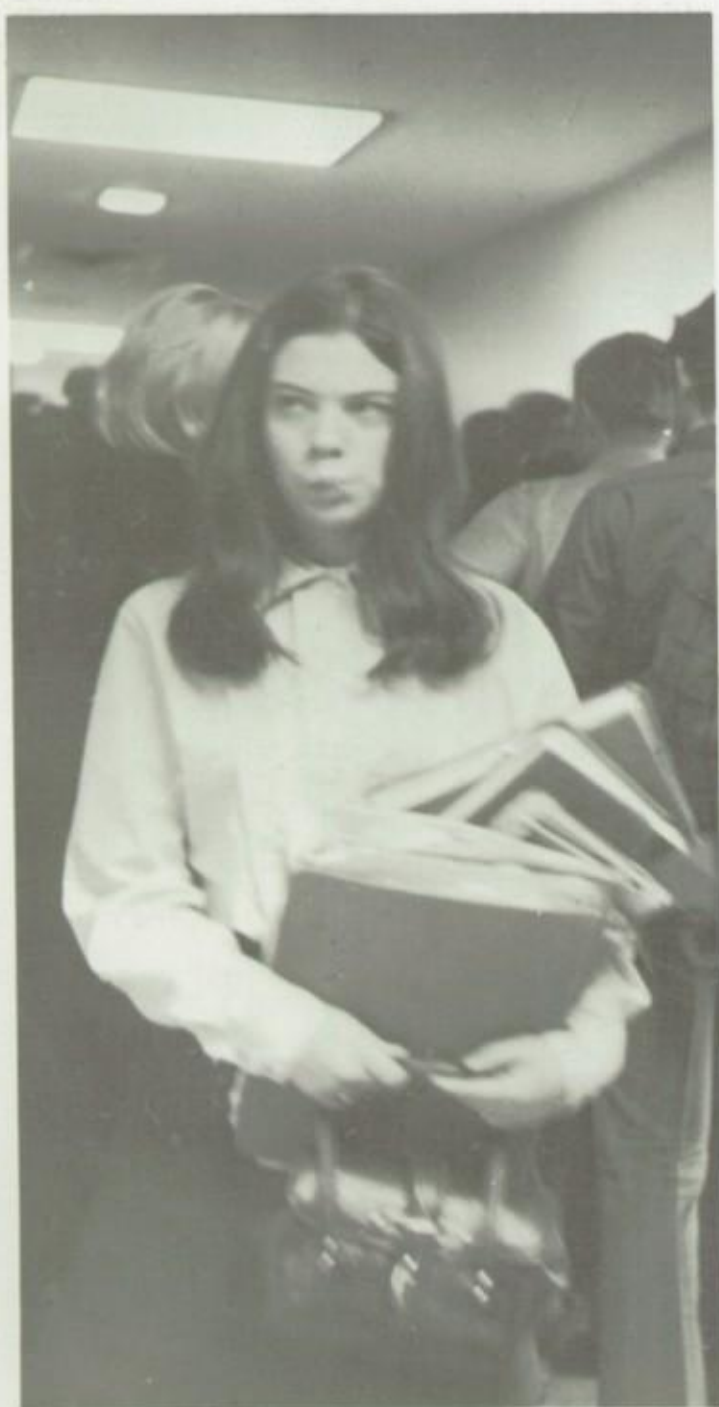

"What a man!"

One of these ought to fit.

But I thought we signed up for shop?

I think my retainer slipped!

Well, I see you've been hitting the Imperial again.

What's it to ya?

I'll get that fly if it's the last thing I do!

Allright you guys, when I count to three and snap my fingers you'll all turn into terrific football players!

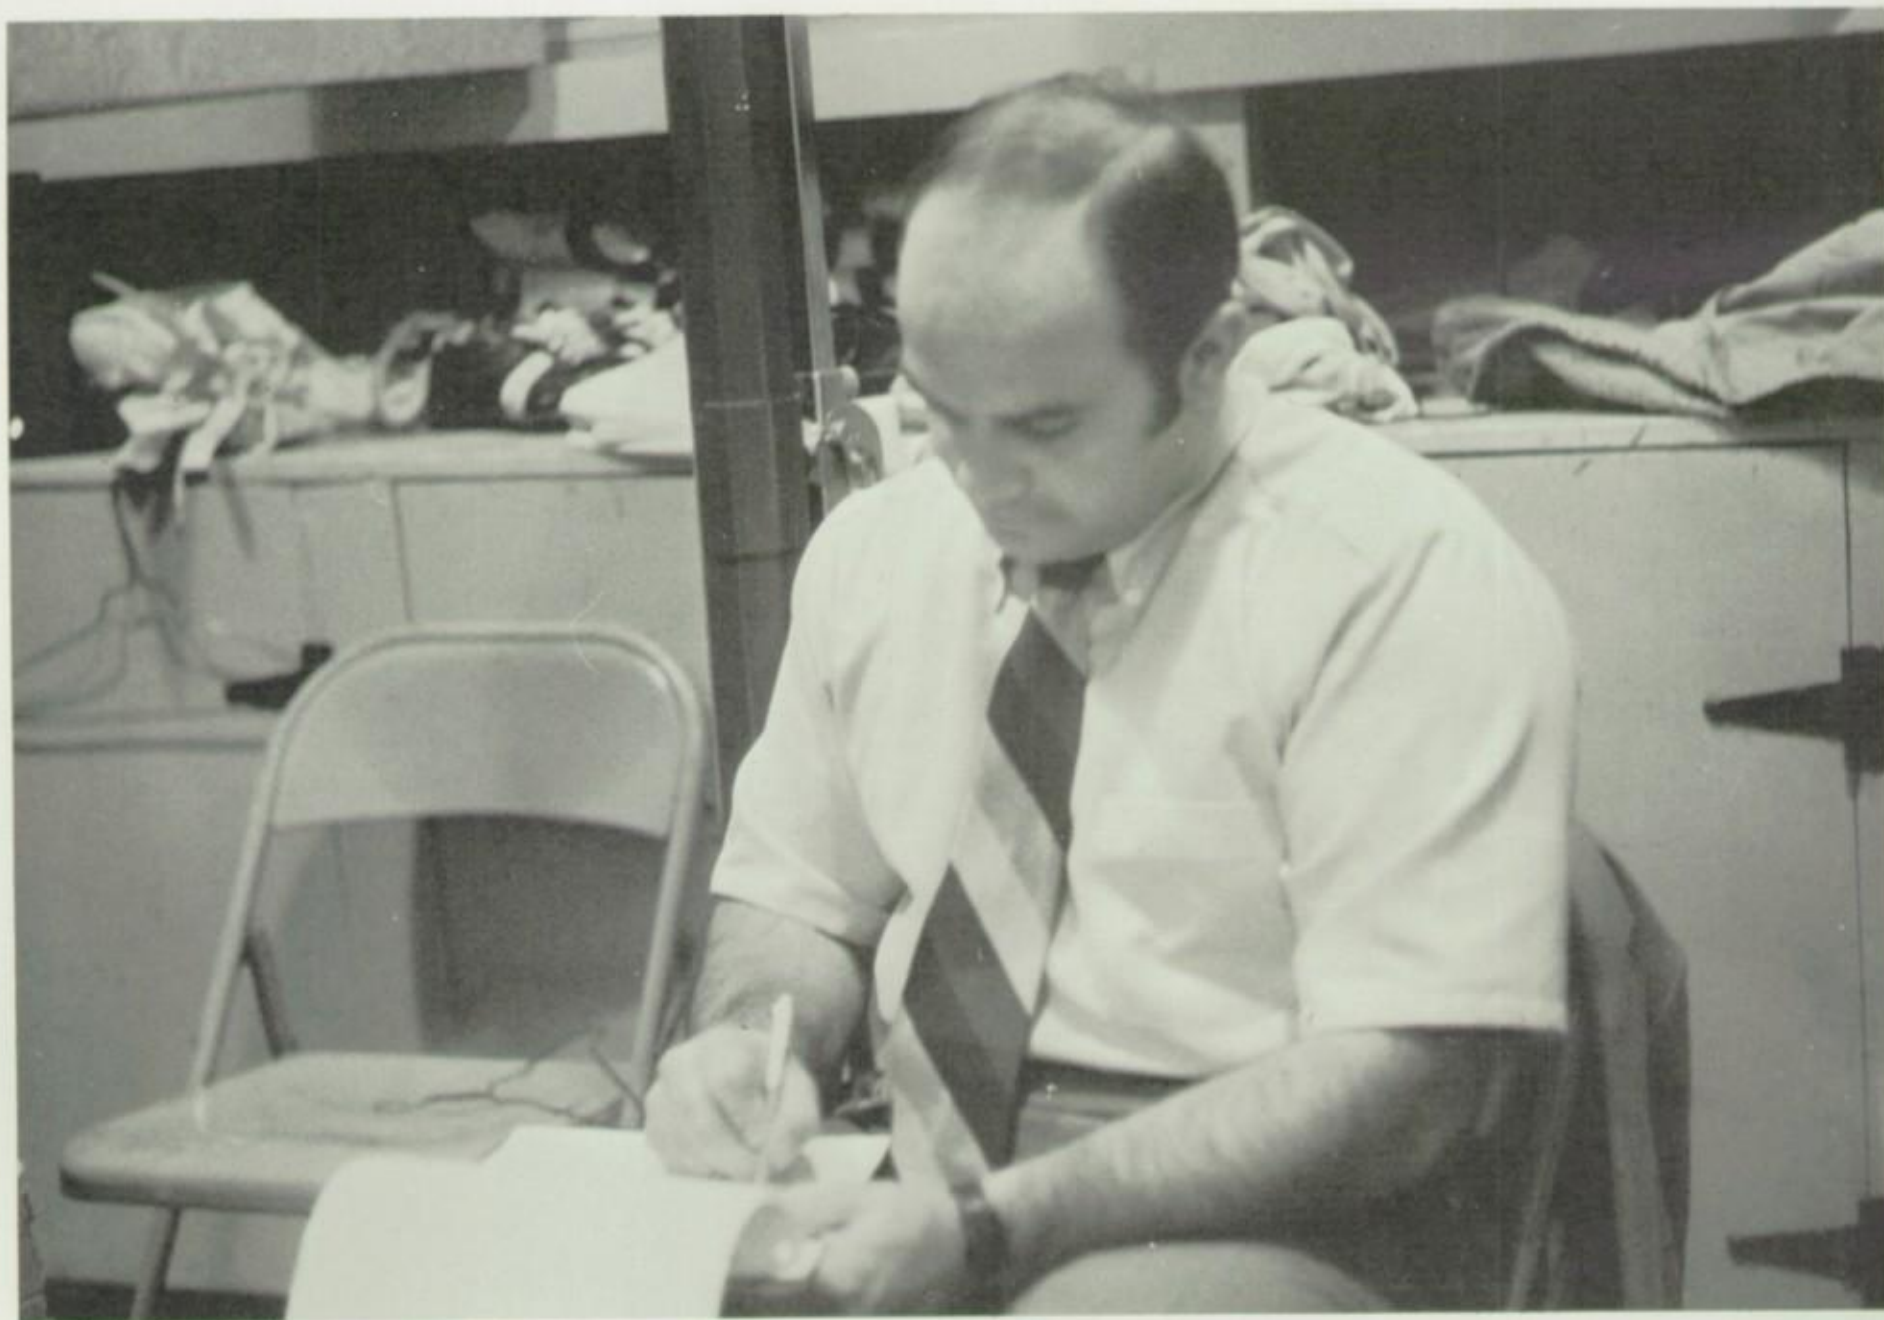

Look Mr. Duceman, you've been chosen Outstanding Guidance Counselor of the Year!

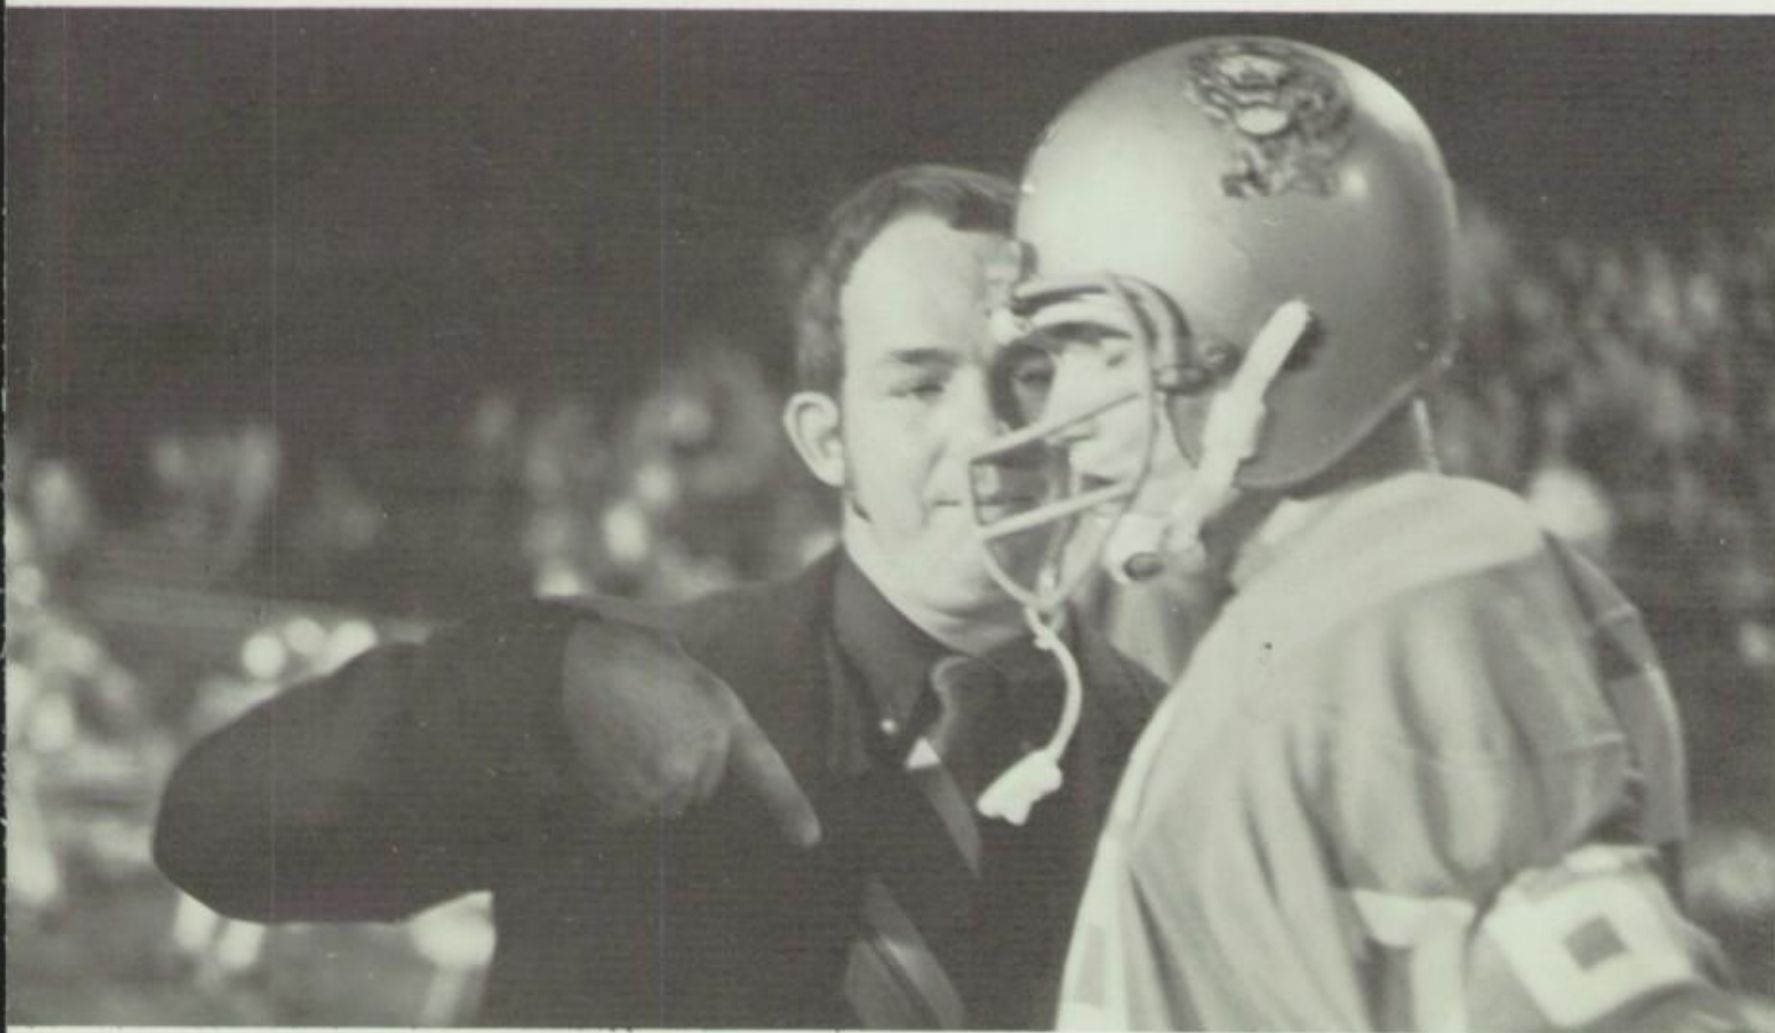

BURP!!

While holding section C in the right hand, gently insert flap A into slot A while twisting B around joint K ...

What's a four letter word for a European blackbird?

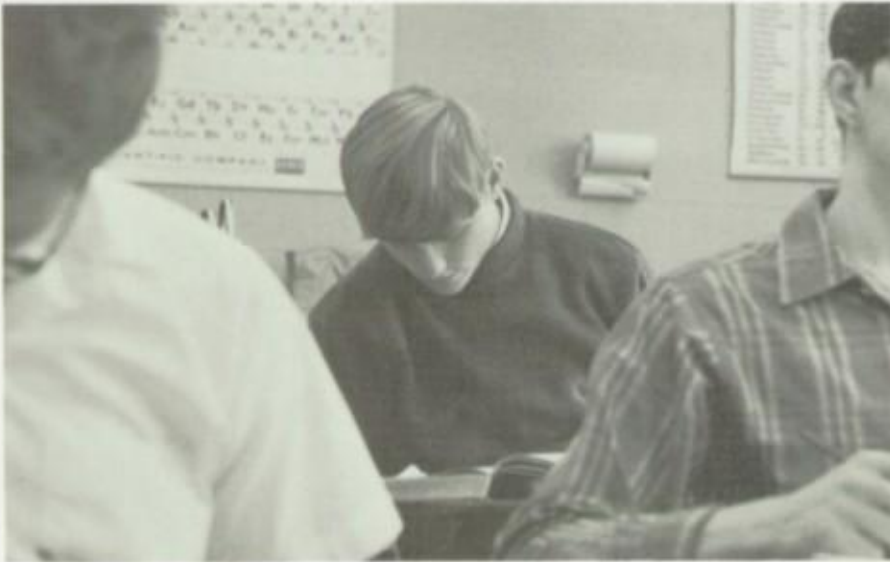

Your zipper's down.

Nobody told me the prom was formal.

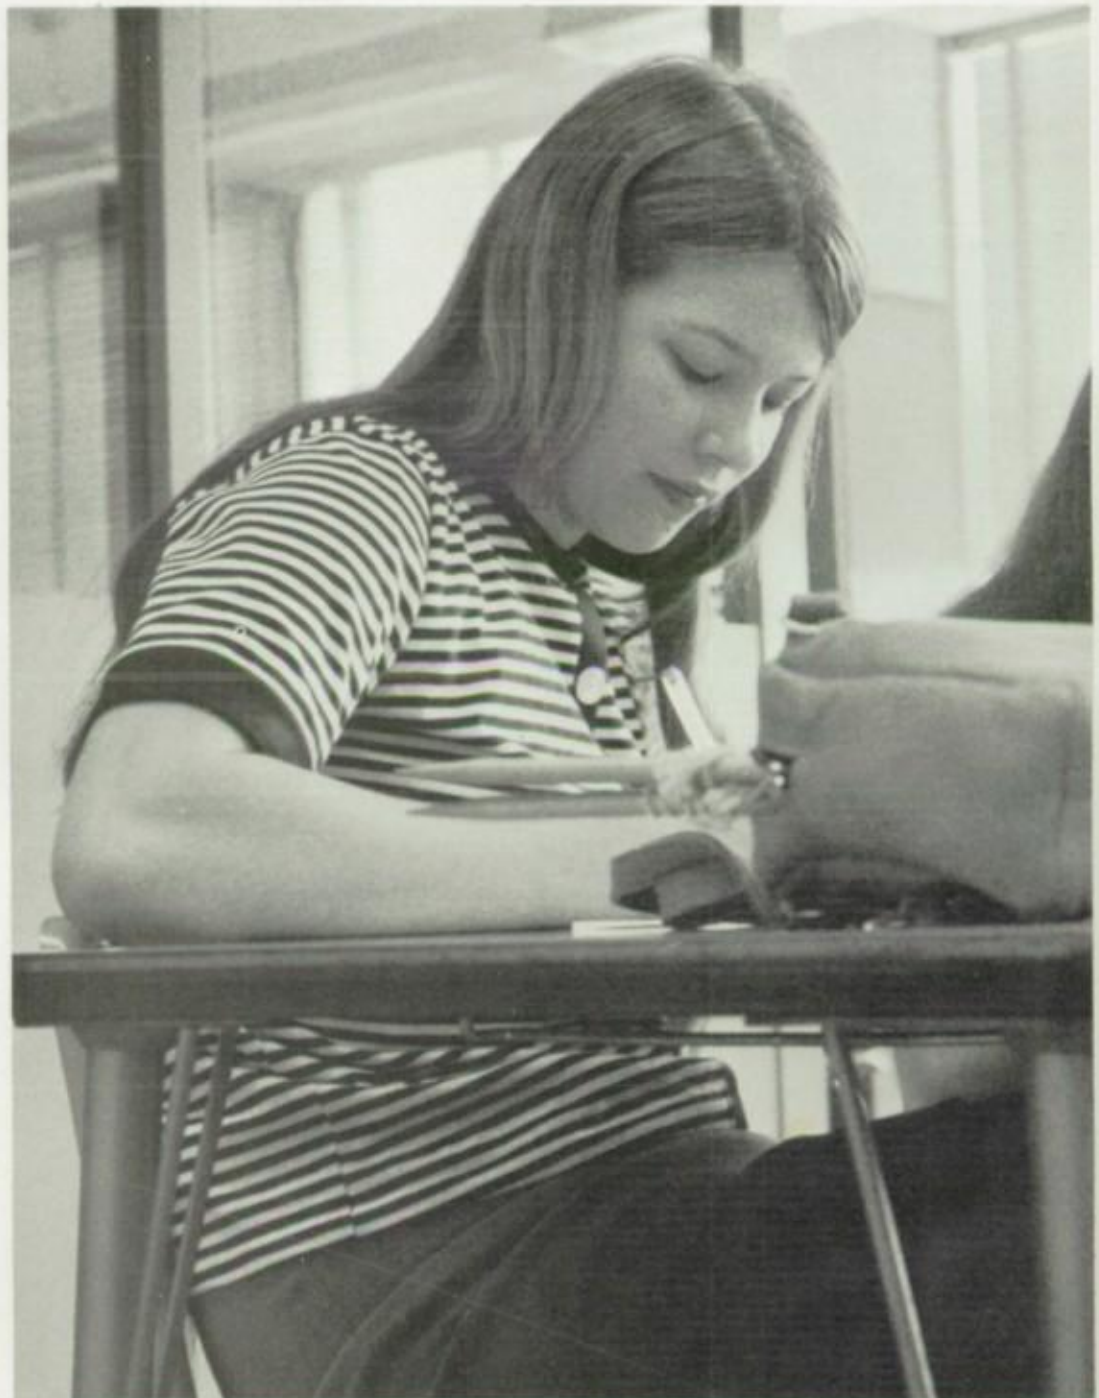

This may not be my physics book but the center fold is a lot better!

Look what adaptive phys. ed. did for Judy.

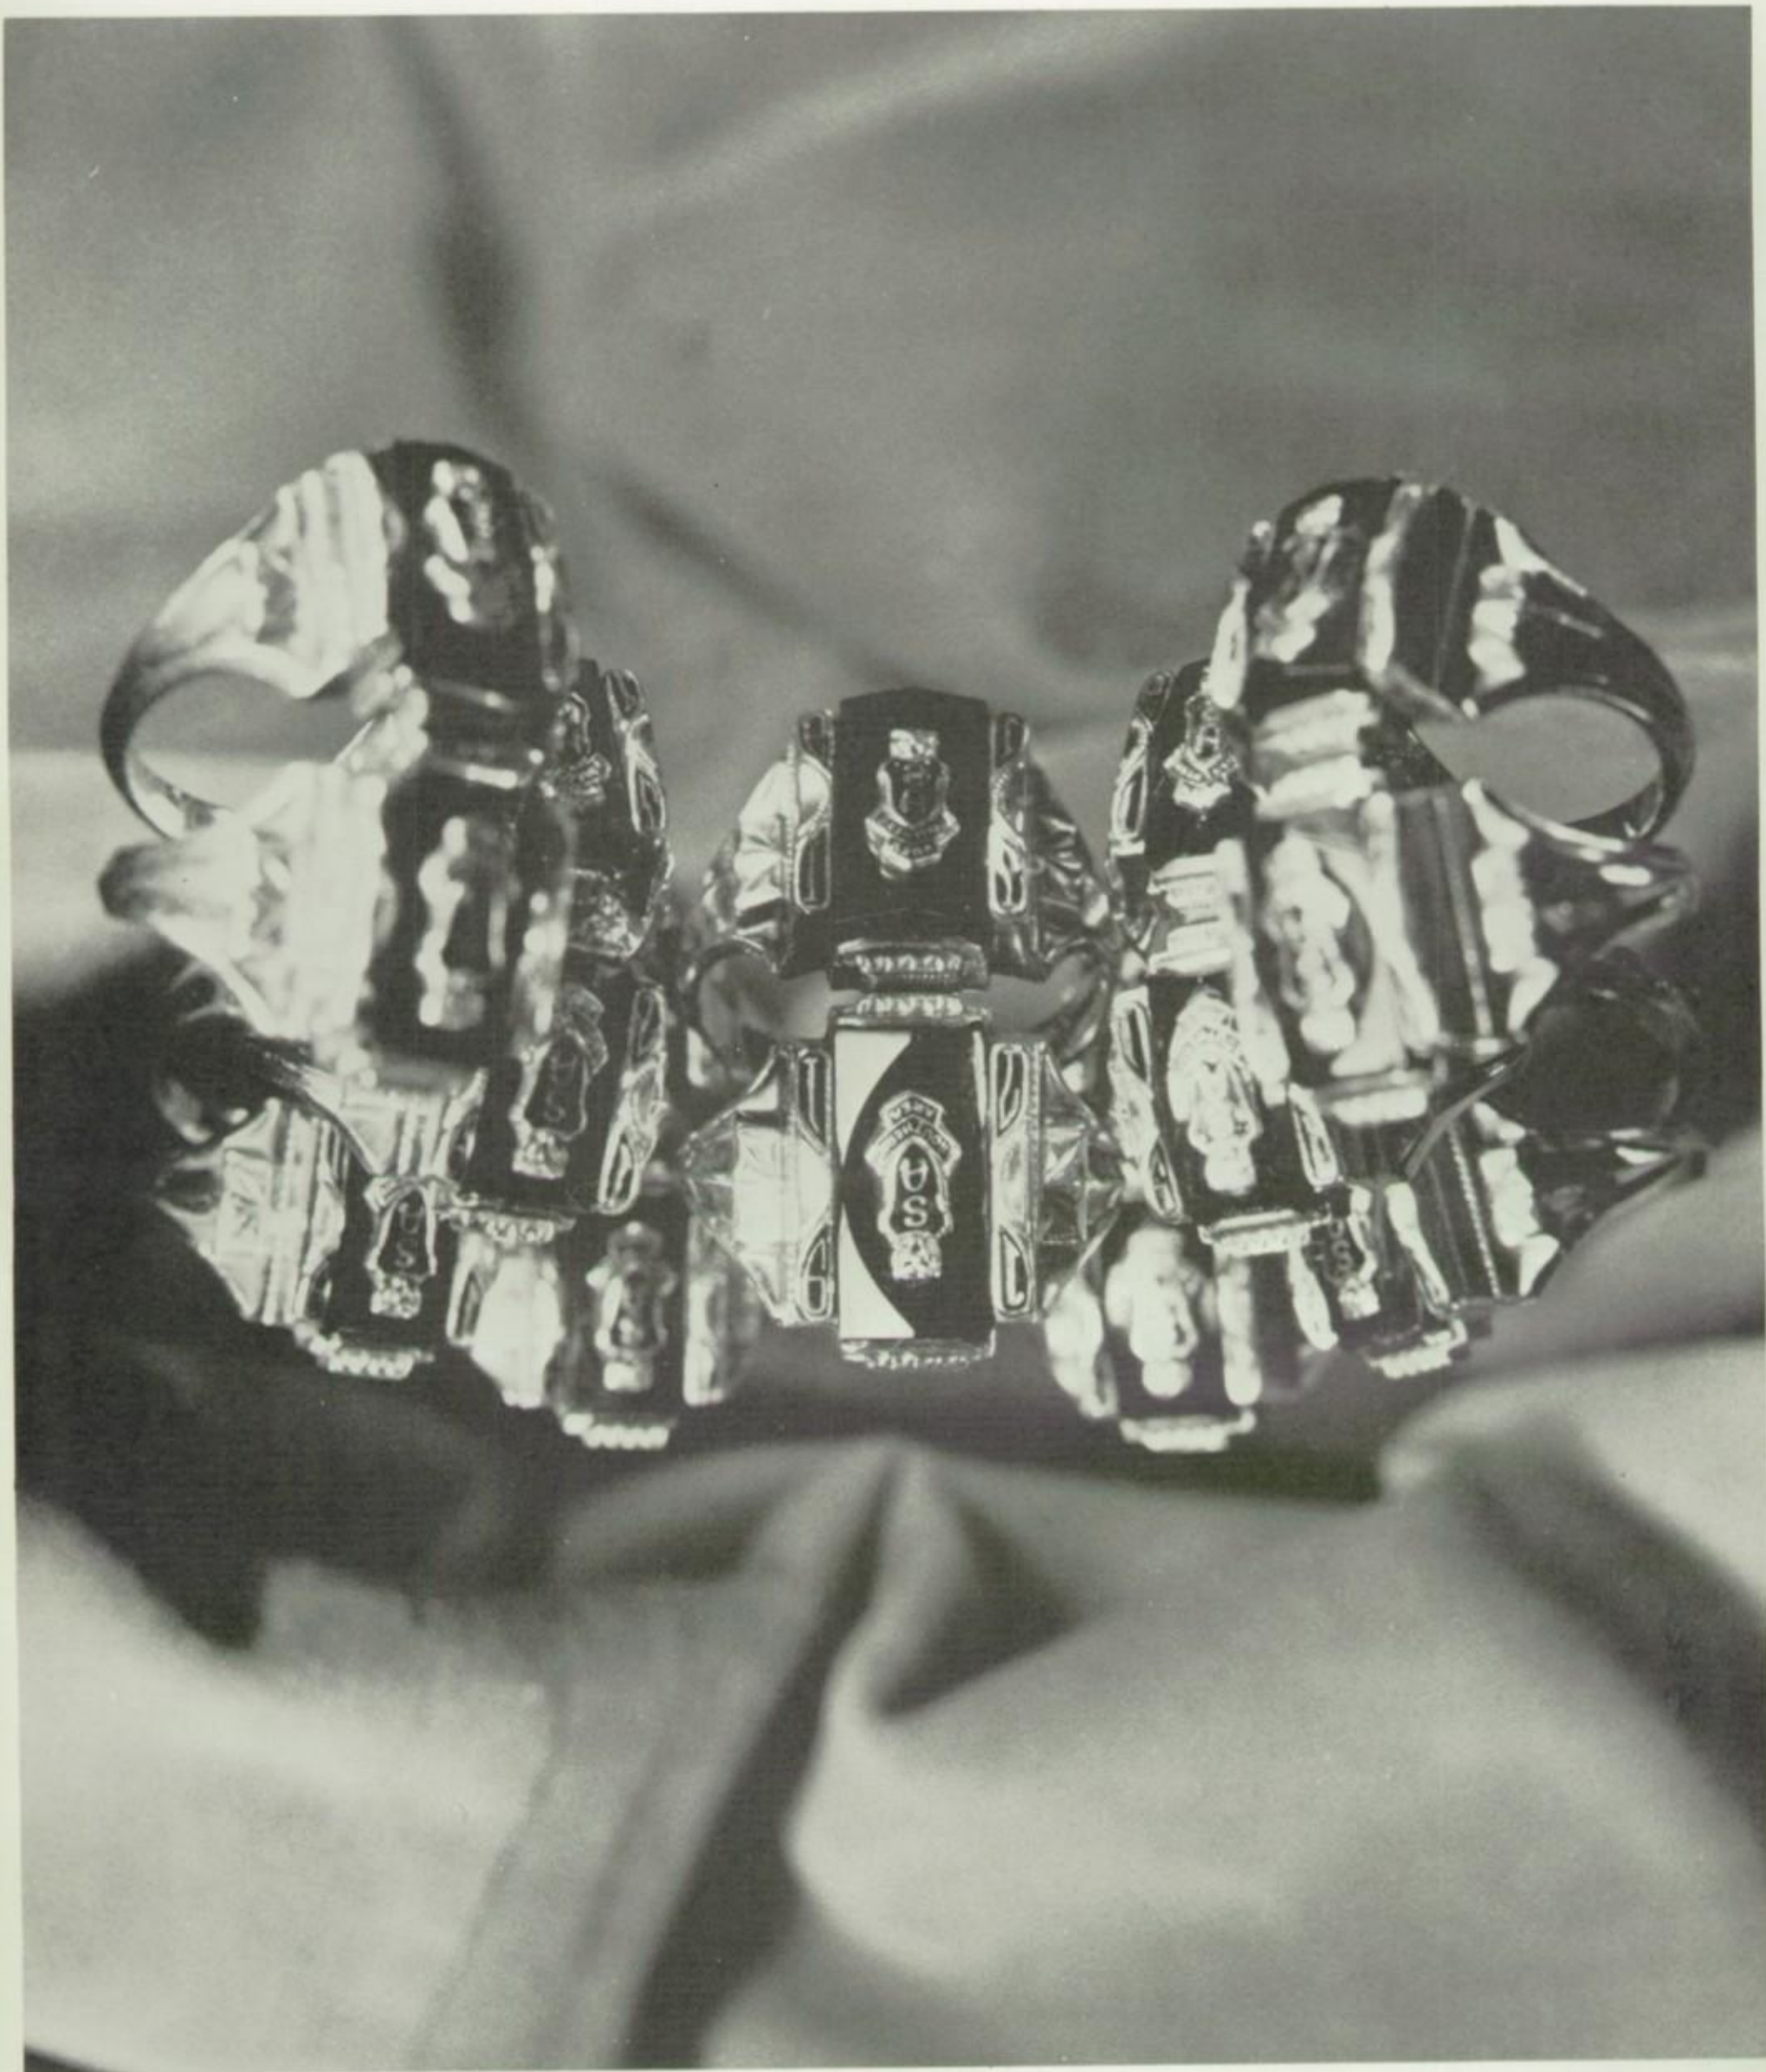

It's the third door on the right, Marcia.

--- Dear ... Dear --- I always did have problems writing letters.

Southern comes up with a different half-time show!

This is it.
